# Who We Are?

Shivam Jewels and Arts is an established jewelry manufacturing house started initially by doing job work for the famous brands in Jaipur in the year 1995. With the time we started manufacturing our own designs and tried to embark our presence directly in the market by establishing our firm named as "Shivam Jewellers" in the year 2009. We exhibited our jewelry for the first time in the "Jaipur Jewelry Show" 2011 witnessing the show as a wonderful success, JJS 2011 was stepping stone for us in the world of jewelry. Exhibitions continued and we were making good business relations with the big brands across India. As our team was increasing with the time, we were registered as "Partnership Firm" named as "Shivam Jewels And Arts LLP" in the year 2017.
