ABOUT ESENTIVIA SRL

COMPANY INTRODUCTION

Being a new home-grown essential oil company, our vision is never set to be local. With many years of experience and dedicated professional team, cutting-edge equipment and advanced extraction technologies, our company endeavours to develop and offer the highest purity of botanical & natural extracts which are widely used in fragrances, flavours, cosmetics, feed and pharmaceutical applications.

Our technologies and know-how enables us to customize the products. Through our in-house R&D team, we can offer to our customers to develop new botanical or natural extracts according to their requirements. Our highly qualified R&D team is backed by years of hands-on experience. They aim to extract high-quality essential oil through innovative solutions and deliver them in its most natural form to the rest of the world. We believe in co-existing with Mother Nature. It is our corporate responsibility to co-exist with Mother Nature. We strongly practice what we preach by creating meaningful employment, adopting and transferring sustainable agricultural practices to the local communities. We are directly linked to local Eastern Europe farmers and we grow together a win-win business.
