MAGNETIC LIGHTING

PRODUCT FEATURES

- ✔ Magnetic track lights can be assembled and combined freely, By laying the magnetic track, you can match to increase or decrease magnetic lamps and move them onto the track freely. The magnetic track lights are based on a high anti-dazzle design (UGR < 13) with extreme visual comfort.
- ✔ High color rendering, true restoration color, color tolerance <3 to ensure consistency of space color temperature and with adjustable, to make sure the space atmosphere is flexible and dynamic.
- ✔ It has the advantage of more soft dimming with a smart lighting system, logarithmic dimming curve, no stroboscopic, depth dimming of 0.1%, and standby power consumption is less than 3mA.
- ✔ Convenient installation and maintenance, we add a structural locking device on the basis of magnetic installation, to increase safety and stability.
- ✔ With 48V safe voltage, the light can be in direct contact with power on.

LUXEONFAB~LITE

- Two Year Warranty
- 48v Safe Voltage
